### BIM IMPLEMENTATION

You can rely on Evolve's first-hand industry knowledge to provide you with a rounded unbiased opinion on the approach to BIM that is right for you

### INFORMATION MANAGEMENT

Evolve Consultancy, world-renowned experts and award-winning BIM Consultancy can enhance your project team and provide essential services.

### PROJECT MODELLING

Our UK-based Managed Digital Modelling service is unique, in that our best consultants will interface directly with your project team and validate all models and digital data to your exact standards before you receive it.

### PROJECT TECHNOLOGY

Evolve provides cost effective technical expertise to deal with day to day technology management tasks efficiently. Outsource all your needs to us or using us as an additional resource alongside your internal team.

### TRAINING SERVICES

We understand that your teams need to be as responsive and flexible as possible in order to deliver against your deadlines. We offer a unique "Reinforced Contextual Learning" solution for all learning styles.

### WE'RE EXPERTS AT THIS

Our client list and track record speaks for itself – we know what we're doing and can back it up with extensive experience. Our approach is always based on tried and tested methods, proven by some of the best practices in the world. We don't believe you'll find anyone better.

### WE UNDERSTAND DESIGN

All of us are qualified within the architecture or engineering fields. We've worked on projects for most of our careers and still do. We've all been up against deadlines late on a Friday night, so we realise our solutions have got to help deliver. It's an important part of our success.

### WE SPEAK YOUR LANGUAGE

You'll find we're all open, approachable and can communicate at all levels. We'll cut through the "tech talk", breaking it down into easily understandable concepts. Whatever the situation, you'll know exactly what we're proposing and what it means.

### WE CARE

Seriously. It might be a cheesy thing to say, but we do really enjoy our work. For us, business is not about getting in, doing a job and getting out. It's about building a relationship, working together and passing on our knowledge. Ask anyone we've worked with, they'll agree.
